PROFILE SUMMARY

Frontend Developer with hands-on experience in building 50+ real-world projects as part of a 100 Project Challenge. Proficient in HTML, CSS, JavaScript, and React, with a strong focus on creating responsive, user-friendly interfaces and seamless API integrations. Passionate about clean UI/UX, performance optimization, and solving real problems through code.

PROJECTS

100 Project challenge

2024 - PRESENT

Frontend related

- GitHub Profile Finder** - Integrated GitHub API to fetch user profiles dynamically, showcasing real-time data handling.
- Crypto Currency Tracker** - Created a crypto tracker using CoinStats API to display live market data with a clean and responsive UI.
- Movie App** - Developed a movie search app with API integration, search filtering, and smooth UI.
- Paint App** - Built a drawing app with HTML5 Canvas for interactive sketching, color selection, and reset functionality.

E-commerce

2024

armanee.vercel.app

- Developed a responsive e-commerce website using React, Redux, and Bootstrap 5
- Integrated API for dynamic product display and implemented cart functionality.
