PROFILE SUMMARY

I am a beginner in Frontend Development with a strong passion for creating clean and responsive websites.Currently working on the 100-project challenge, with 45+ projects completed using HTML, CSS, JavaScript, React, and modern tools. Focused on problem-solving, UI/UX design, API integrations, and interactive web elements.

PROJECTS

100 Project challenge ⤴   2024 - PRESENT
Fronted releted

1. **GitHub Profile Finder** – Integrated GitHub API to fetch user profiles dynamically,showcasing real-time data handling.
2. **Fashion Blog Website** – Created a modern, responsive blog with SEO optimization and interactive UI.
3. **Movie App** – Developed a movie search app with API integration, search filtering, and smooth UI.
4. **Password Validator** – Real-time password strength validation using Regex and UI feedback for better security.
