PROFILE SUMMARY

I am a beginner in Frontend Development with a strong passion for creating clean and responsive websites. I am always open to learn new technologies. I always try to expand my tech stack. I also have an extra interest in CSS and i am currently challenging myself with the 100-project challenge.

PROJECTS

E-commerce   2024 - PRESENT
armanee.vercel.app

- Developed a responsive e-commerce website using React, Redux, and Bootstrap 5
- Integrated API for dynamic product display and implemented cart functionality.
- Added cart functionality to allow users to add and remove products easily.
- Implemented a filtering feature to display products dynamically based on selected categories.

100 Project challenge ⬈   1 nov - 5 jan
Fronted releted

- I started a challenge on 1st November 2024 to complete 100 projects, and am currently working towards achieving the goal.
- Successfully completed 35 projects so far, focusing on frontend development using HTML, CSS, JavaScript, React, and other tools.
- Each project demonstrates practical implementation of web development concepts and improves problem-solving skills.

ACHIEVEMENT   2023 - 2024
Web design 1st ⬈

- In my BCA , I achieved the 1st position in web design competitions during both my 1st and 2nd years.
- In the 1st year, I participated in a web design competition and secured the top rank.
- In the 2nd year, I maintained my position by achieving the 1st rank again in a web design competition.
